Friends for fun, safety and knowledge

Gold Wing Road Riders Associations:
Big Sky, Region I & WA District

July-August, 2007

Message from our Chapter Directors:

Bob & Patty Spencer

Who would think one could join a motorcycle group for the sole purpose of connecting with others who share their passion to ride motorcycles, only to find that you have become a part of something much larger. Like many of you, that is all Patty and I were looking for when we came to our first chapter "E" meeting, but what transpired from that first meeting was far more than we could have imagined.

Our calendar was soon filled with riding and social events and before we knew it, we had become part of an extended family with some very extraordinary people. All of you! So, it is at times like this, that we are sad to lose any of our "chapter family" members. I am referring of course to Mark and Lori Slavin and kid's, who with Lori's departure this last weekend have moved to Laurel, Montana.

Mark and Lori came to chapter E almost 3 years ago and wasted no time getting involved. Lori took on our chapter newsletter editor position and totally re-designed the newsletter, putting her own personal touch on it. She will be a tough act to follow. We will also miss Lori's creative talent for making so many "seasonal theme" 50/50 and silent auction gifts. Mark also stepped up and took on our Chapter stores when it needed a lot of revamping. Through some very frustrating times, Mark stuck with it and has left us with a well organized inventory and a nice hanging display.

We wish Mark and Lori lots of luck in there new Montana adventure and thank them for all they have done for chapter E. Lori tells me that we are always welcome in Laurel. "Just come on by, you don't need an invitation". Do I see a Chapter E Montana ride in our future? You bet! Good luck you guys...We will all miss you!!

Our next meeting is:

Being A Good Team Member Part 2

By Jim & Karen Roberson

Last time we began going over riding in a group. This article is a continuation of this theme.

Let's start off by describing again the characteristics of a good team member. In the GWRRA *Team Riding Manual* the following characteristics are very important.

Assumes a responsibility to ride with and work with the other team members.

Maintains steady speed and spacing.

Stays alert and announces to the other team members any obstacle, condition or potential hazard.

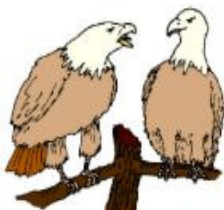

Riders should always be aware of the other team members and maintain the formation and spacing.

REMEMBER: *Pace yourself 1-second stagger, and 2-seconds following distance behind the bike directly in front of you. However, during darkness or inclement weather, a 2-second stagger and a 4-second following distance should be maintained to provide an extra margin of safety.*

Teams should separate themselves on the highway by no less than 15 seconds to allow for other vehicles to safely pass a team. If your teams are on a 2 lane road the separation may need to be greater based on the traffic. Team members should ride in staggered formation within a lane. The lead is in the left track of the lane. Separation was covered in the last article.

When entering traffic the lead moves into the flow of traffic after waiting to find an opening large enough to accommodate the entire team. If this is not possible the lead may issue a directive to ride your own ride and form up later in a designated lane. Then the team members will enter the flow of traffic safely one at a time and rejoin the group when practicable and safe.

When it is necessary to pass traffic the lead will make the decision to pass and will notify the team by both CB radio and hand signals. Passing will be initiated by the lead and after passing will accelerate far enough ahead of the team to allow each member to pass safely and rejoin the team in the normal staggered configuration. It is extremely important to remember that even though you are riding in a team each person is responsible for their own bike safety. When the pass is complete the drag will notify the lead via C.B. radio that the team has completed the pass and is back in formation. As before we stressed that anyone not wishing to Team Ride should separate themselves to a safe distance from the teams and meet at the acknowledged destination or break point. That is not a problem! It is more important for you to arrive safely at the destination than ride where you feel uncomfortable.

The next article will continue this theme and cover lane changing, passing obstacles, etc. In the meantime, Ride Safe!

Chapter Y “Riddler Run”

On Saturday morning August 11th, seven of us (4 bikes) met at Starbucks to ride down to Enumclaw for the Chapter Y “Riddler Run” where they had hot coffee, tea and donuts waiting for us. This was the first time any of us had done this ride and we were all a bit overwhelmed at the lack of “real” directions and “information over load” of all the clues and signs that we were to look for if we were to make it to the finish line. We had red diamonds, green diamonds, red and black arrows, different colored “Y”’s that pointed in different directions and then to top it off, there were a bunch of letters to be found, that would help us solve the riddle at the end of the ride.

As luck would have it we were able to team up with a couple of bikes from chapter V that had done the ride in past years and two trikes from chapter P also joined us. Once we got into the ride it all started to make sense and our fear turned into fun! The ride took us through more back roads than I knew existed in Enumclaw, Buckley, Bonney Lake and beyond for a total of 116.2 miles. 5-1/2 hours later we pulled into the parking lot in Buckley ending a fun ride.

In retrospect, a couple of us decided that if we were to do this ride again we would keep our groups down to a maximum of four or five bikes and make sure we had several co-riders to watch for all the signs and to keep track of everything. All in all the ride was a a lot of fun and I would recommend it to anyone that hasn’t done it. Just be sure to team up with someone that has done before, for your first time. Incidentally, just in case you were wondering, the riddle was “Mount up on Wings”.

We would like to thank everybody who supported our fund raiser BBQ for Ride for Kids. We couldn't asked for a nicer day weather wise. There was plenty of food to go around (we hope nobody went a way hungry!!!), and a great bunch of people to shoot the breeze with. Because of your generosity we raised over two thousand dollars for the Pediatric Brain Tumor Foundation . The actual Ride will take place on September 9th, 2007, so we hope that we will see a bunch of you turn out for it also.

Thanks again to all of you great folks.

Whistler Ride (BC Canada)

There is one room left from the 10 that were blocked out for our "Whistler Weekend". Get your reservation in if you want it. We are also looking at a couple of group activities i.e. the "Zip Line" or the "Chair lift tour", or click below to check out "20 things to do in Whistler for under \$25.00"

[http://www.tourismwhistler.com/www/things_to_do/Profile_activities/20_things_to_do_in_whistler_under_\\$25.asp](http://www.tourismwhistler.com/www/things_to_do/Profile_activities/20_things_to_do_in_whistler_under_$25.asp)

Here is the reservation information for the Whistler ride in September. Get your reservation in early as there are only 10 rooms blocked out. We can get more if we need to, but let's fill these first. We just made our reservation on line at it was quite simple. Just read and follow the directions exactly as they are written and you won't have any trouble. If you are not inclined to use the website there is a toll free number to call. Thank you Sheila for putting this together. Great job!!!

We will leave Friday morning Sept. 21st and return on Sunday afternoon Sept 23rd. (2 nights) Rain or shine, on bikes, or on 4 wheels!

Reservation procedures

To make a reservation via the phone, you can call 1-800-663-5472. You need to give them the group booking #L495044

To make your reservation on line go to www.listelhotel.com Select "Reserve Now" over on the left side of the screen. Then select "Group Reservations" from just below Check availability. Enter our group code: **GOLD2007** and continue with your reservation. It's easy.
