

GWRRA

MAY 2010

Gold Wing Road Riders Association Region I - WA District

"Friends for Fun, Safety and Knowledge"

May - Winter now in the rear view Window

Message from our Chapter Directors

May has arrived. We can now see those winter months in the rear view mirror and as we move forward into late spring and summer, we are looking forward to the many, many rides and events that are planned for this year. We have completed the last winter dinner social and are **moving into our weekly Thursday night 'Ice Cream Socials'**. This is a really great time to spend with friends and share some camaraderie with our chapter friends. We will pick up on the new tradition of finding new and exciting places on the eastside to have our socials. We think people like to try new places and experience new adventures. So, that begin said, please keep your eyes peeled for some great places to meet in **the 'Eagle Eye' for the venue and locations**.

We are also going to start to get really busy with our ride calendar. There is the fun run for WA-M, Victoria Days with BC-A and the Desert Spring Fling over the Memorial Day holiday in the tri-cities. There are several of us from Chapter E attending this event, as they really do put on quite an event with a prime rib dinner for \$9 dollars. How can you beat that!! It is time with your friends and many of new roads to explore in Eastern Washington. **We are also setting up the infamous "Bob's Omak Loop" Saturday and Sunday June 12/13, staying at our usual location of the Rodeway Inn in Omak.** Please call and make your reservations (under Chapter E) for this annual Chapter E tradition. The phone number is 509-826-0400. You will need to use your credit card to reserve your room. Rooms need to be booked by June 1st. This should be another excellent adventure.

Many of you may not know this, but our eagle has been taken captive by the chapter out of Salem, Oregon (OR-G). We need to plan a rescue party on their meeting day. There is a little bit of a challenge, as their meeting day is the same as ours, so we need to come up with a strategy where we may do a road trip as a Chapter meeting? We are looking for other ideas from the chapter members on how to get our eagle back, so please drop us a note on your thoughts or ideas. **We need to plan this quickly so we don't interrupt our riding season or plans.**

Remember, if you see something that you think the Chapter would like to do and/or see, please feel free to let us know. **We would be happy to take any and all ideas and suggestions to 'our' chapter membership to see if this is something we can all do as a group.** This is YOUR Chapter, so please send all of your suggestions along and we will see what we can do to incorporate those into our Chapter gathering and events.

Till next month—Kickstands up, let's RIDE.

John & Barb

 - 12-13 **Bob's Omak Loop Ride**
 - 18-20 Oregon District Rally
 - 18-20 Wyoming District Rally

Rider Education

By Ron Peck WA-E Rider Educator

Be Prepared

Being prepared is particularly important to us as riders/co-riders. What do I mean by being prepared?

First, is your motorcycle prepared? Tires properly inflated and with sufficient tread? Brakes in good working order? How about the lights? Brake lights? Turn signals? All these are critical to the safe operation of the motorcycle.

Next, how about you? Are you well rested? Do you have the right frame of mind or is something weighing on you? Are you taking any medications that might make you drowsy? Haven't been drinking, have you? Riding requires your FULL attention so anything that diminishes your ability to pay attention to the task limits your ability to safely operate your bike/trike.

Then there's your emergency skills. When is the last time that you PRACTICED emergency maneuvers? You know, things like swerving to avoid an obstacle in your path of travel. Emergency stopping, practiced that lately? In about 13% of motorcycle crashes, the rider made NO attempt to avoid the crash; no swerving, no braking, just rode right into the collision. Unfortunately, most riders NEVER practice emergency maneuvers.

Do you consciously practice your other riding skills? You know, things like your scanning for hazards, looking through turns, covering your controls as you approach congested areas, positioning yourself so you are as visible as possible, etc. While all these things (and more) should be "second nature" focusing on them while you're riding reinforces the action.

An excellent way to prepare is to take the GWRRA Advanced Rider Course. Over the last two weekends eight chapter members took either the ARC or the Trike Rider Course. All of the feedback that I have heard has been positive and, being one of those that took the ARC, I can personally attest to the great experience. For best results, it should be repeated every three years. Remember – everyone needs to take the course, they just don't always admit it to themselves...

How prepared are you?

And remember: Drive on the right except to pass...

What is SmartGig and Why do you need one?

SmartGig is the next generation of Medical Alert, developed by healthcare professionals and first responders who work in the field every day. If you are found unconscious and unable to communicate your wishes, SmartGig will enable first responders to aid in your emergent medical care both in the field as well as in the hospital through uploading SmartGig information that you have provided. Most first responders are equipped with computers in their vehicles in which SmartGig can quickly be accessed when time is of the essence. Your information provided will further facilitate contacting your legal next of kin as well as making your healthcare wishes known. SmartGig contains commonly referred to forms in the healthcare industry including a Face Sheet, Medical History, Home Medication List, and End of Life Care. In the section of Frequently Asked Questions there is a list of suggested documents to scan into your SmartGig. In addition to the benefits in the field, SmartGig is a 4-Gig thumb-drive with the ability to self manage your medical records as well as other important documents and computer files. The cost of SmartGig is \$45.00 +tax and if you are interested in finding out more, please contact Karla Edwards at Karla_lee_Edwards@hotmail.com or by phone 425-941-5267.

2010 Surf Watch Winning Recipe

Baked Potato Soup

½ yellow onion (about ¾ cup), chopped

¼ cup butter, plus 1 tbsp butter, reserved

1/3 cup flour

1 quart (4 cups) chicken broth

2 cups half-and-half (can use fat free half-and-half)

7-8 medium potatoes, baked until tender, peeled and cut into cubes

1-1/2 cups shredded cheddar cheese

1-1/2 cups crumbled cooked bacon

½ cup finely chopped green onions

2 cups sour cream (reserve 1 cup for garnish)

Seasoned salt, Tabasco and garlic pepper to taste

****J.D's Bacon Flavored Salt (optional, if using, decrease amount of seasoned salt)**

In a large soup pot, cook onions in ¼ cup butter over medium heat until tender. Blend in flour until smooth, cook 1 minute, stirring constantly. With a wire whisk, slowly add the chicken broth and half-and-half, cook, whisking until smooth over medium heat until mixture starts to boil., Reduce heat to low.

Add potatoes. Season to taste with seasoned salt, tabasco, bacon salt and garlic pepper. Heat on low for about 20 minutes, stirring constantly. Right before serving add 1 cup of sour cream, ½ cup bacon bits, 1 tbsp butter and ½ cup shredded cheese. Mix well until all ingredients are incorporated.

Pour into bowls, topping with a dollop of sour cream, cheddar cheese, bacon and green onions.

**** J.D's Bacon Salt can be found at Fred Meyer, QFC, Safeway, etc. It has zero calories, fat or real bacon, but adds great bacon flavor.**
